

Amie McCarty

I have been at TR for the past 12 years. Before I became an Assistant Principal, I taught Social Studies, including AP and IB History. I received my BA in Social Sciences from the University of Northern Colorado and I received my Master's in Curriculum. I have been in education for 25 years and ThunderRidge is by far the best place I have ever been! When I am not at TR, I enjoy spending time with my husband and four children and our numerous pets. I also enjoy reading and traveling!
